

CIBL, Inc.

FOR IMMEDIATE RELEASE

Stock Buy-back Authorization And Commencement of Stock Trading

Reno, NV - February 9, 2009 – CIBL, Inc. (“CIBL” or the “Company”) is announcing that on January 30, 2009, CIBL’s Board of Directors authorized the Company to buy back up to \$800,000 of CIBL stock. Pursuant to this authorization, the Company intends to make purchases of its stock in the Pink Sheets® market from time to time, as it deems appropriate. The Company’s purchases of its stock will take into consideration all relevant factors, including among others the prevailing market conditions as well as all applicable legal and financial disclosure requirements.

In addition, CIBL is announcing that its stock has actually begun trading in the Pink Sheets ©, following the trading authorization issued by the Financial Industry Regulatory Authority (“FINRA”) on December 4, 2008. (That authorization was previously announced in a December 5, 2008 press release.) To CIBL’s knowledge, a total of approximately 60 of its shares have been traded to date in several separate trades, at prices in the range of \$226 to \$227 per share.

At the moment, under FINRA’s rules, trades of less than 100 shares of CIBL stock are not being publicly reported. However, FINRA’s rules provide that under certain conditions, trades of between 1 and 100 shares may be publicly reported. CIBL anticipates that the public reporting of trades of 1 share or more of its stock will begin within the next several months, and will attempt to arrange the earliest possible date for such reporting with FINRA.

Finally, CIBL would reiterate that it is reviewing an expression of interest in certain of its telecommunications properties. (See our press release of November 18, 2008). This expression of interest is at values in excess of the trading price for CIBL stock noted above. There can be no assurance that this expression of interest will result in a transaction of any sort, and CIBL cannot predict the outcome, timing or any other

element of this matter. However, it is possible that the result could be financially significant for the Company. Shareholders may wish to consider this possibility in making any decision regarding their CIBL stock.
